ABOUT ME

- I am an enthusiastic and dedicated Electronics and Communication Engineering (ECE) student with a strong interest in electronics, communication systems, and as well as programming.
- Passionate about learning new technologies and contributing innovative projects.
- I possess good communication, teamwork, and problem-solving abilities, and I am looking forward to building a successful career in the engineering field while contributing positively to an organization.

EDUCATION

2023 - 2027 AnnaUniversity	Bachelor of Engineering (Electronics and Communication Engineering) I am currently studying seventh semester in Einstein college of engineering, Tirunelveli. CGPA : 8.32%
2021 - 2023 WestTirunelveli Higher Secondary School	HSC I have completed my HSC in West Tirunelveli Higher Secondary School, Tirunelveli. Percentage : 81%

TECHNICAL SKILLS

- Programming Skills : Python (Basics), C.
- Databases : Oracle SQL- Sub Query (Basics).
- Minor Course : Full stack development.
- Fundamentals of MATLABPROGRAMMING AND SIMULINK MODELING.
- Micosoft office (Power point, Word, Excel).

CERTIFICATIONS

- Web Development : Internship Training (SPIRO Technologies).
- Certificate of MERIT for achieving SECOND place in the Third semester examination.
- Certificate of Completing "Microsoft Office".
- Certificate of Attending "Fundamentals of MATLAB Programming and Simulink Modeling".
- Certificate of Completing "Advanced Python Programming".

PROJECTS

UG Mini Project - Industrial Safety System – The Fire Alarm System is designed to detect fire at an early stage using flame or smoke sensors. When a fire is detected, the system immediately activates a buzzer alarm to warn people in the surrounding area. This helps prevent damage and ensures quick evacuation.

EXTRA CURRICULAR ACTIVITIES

- Volunteering - Any speech.
- Content writing - for websites, blogs, social media, ads
- Community service.
- Electronics Clubs : Designing small circuits.
- Participated in circuit designing competitions.

HOBBIES

- Books Reading – Reading books during my free hours.
- Travel Blogging – Blogging my own explores around the world.
- Photography – Capturing my memories.
- Gardening - the practice of growing and maintaining plants, flowers, vegetables.
- Cooking new dishes.
- Writing short notes or journaling.
- Learning new skills online (coding, editing, etc.)

LANGUAGES KNOWN

- Tamil
- English
